

# 2nd Grade Dual Language Supply List - Sra.Pavelka

In our classroom all supplies (with the exception of headphones) are communal supplies. This means all available supplies are shared. This allows all students an equitable access to supplies regardless of how much or how little they are able to contribute. Please help with this by not labeling the supplies you bring with your student's name. Thank you in advance for your help in making our classroom a place for everyone to learn!
